DETAILED ACTION

1. Claims 1-25 are remain rejected under section 102(e) by Rajski et al (U.S. 2006/0041814) and claim 16 is remain rejected under section 102(e) by Mitra et al (U.S. 2003/0188269). (See paragraphs 2 and 4 of the office action dated on 6/16/06).

Response to Arguments

2. Applicant argues that the cited Rajski applicant is not prior art to the present application because the provisional application of Rajski is clear that there is no support for the material cited, namely paragraphs 66-68, in fact, the corresponding Figures 4B and 4C are not provided in that provisional application.

Examiner disagrees with applicant because the cited Rajski application is still consider as prior art for at least claim 16 of the present application, see paragraph 48 of Rajski which is supported by the provisional application of Rajski, see section "2. FFS compactor".

Note that claim 16 is also rejected under section 102(e) by Mitra et al (U.S. 2003/0188269) but applicant did not mention any thing about this rejection.

Therefore, the Remarks dated on 9/18/06 is consider as Non-Responsive Amendment. Applicant is given One Month to response from the mailing date of this communication.
